**Object:** Recycling Information

06/03/2023

Dear customers,

This is to inform you **that *Legislative Decree 116/2020***, implementing Directive (EU) 2018/851 on packaging and packaging waste, introduces the **labeling obligation to facilitate the collection, reuse, recovery and recycling of these last.**

In order to comply with this legal obligation, not being able to intervene directly on all the packaging due to obvious and recognized technological limitations, using digital communication tools, we publish the indications relating to the nature of our packaging on our website.

It will in turn be up to you to report the aforementioned indications to your customers so that they in turn can have the necessary references for disposal.

Il Management
